The City of Charlotte’s Comprehensive Neighborhood Improvement Program (CNIP) makes strategic investments larger, multi-neighborhood geographies to more comprehensively address a broad array of community needs. This complete approach to placemaking focuses on community connectivity, through streetscape improvements, pedestrian and bicycle safety, and neighborhood beautification.

Artist Robert Tully has been commissioned to create unique public art opportunities for the Prosperity Village: Craven Thomas/Robert Helms Road Streetscape CNIP. Working with a diverse set of materials, including stone, metal, light, and landscaping, the artist is designing a series of monuments and sculptures that act as wayfinding while highlighting the history of Prosperity Village.

This project is funded through the City of Charlotte’s 1% for the Arts Ordinance. The ASC administers the public art program for the City of Charlotte and Mecklenburg County. Artist Selection and designs are approved by the appointed Public Art Commission.
